TESCO FARMER OF THE YEAR 2017

Runner up

Tom & Sarah Mansell

VENDOR'S FOREWORD

Tom and Sarah have made the difficult and sad decision to sell their dairy herd. The herd was established back in 2007, following the dispersal sale of Sarah's parents' herd of cows earlier that year. A herd of 120 cows was purchased privately and along with the guarantee of a milk contract with Tesco, the rest is history!

The herd has grown steadily over the years to the present numbers of over 400. This has been achieved by home-rearing all replacements and the addition of a large block of land, enabling further expansion.

We have been extremely fortunate to have had a super team of staff working alongside us. Colin, Owen, Nigel, Dave, Chris and Phil whose loyalty and conscientiousness has been invaluable. Matt and Myles from Genus RMS have been tremendous, and Rob and Ken have given us great advice in the selection of bulls. Our farm advisor Emma Thompson from Promar has been second to none in her steadfast, kind approach. We have also benefited greatly from the buying group we are members of – Deeside Dairy Farmers. The ability to purchase as a large group and the on-farm discussions help to keep everyone focused and involved.

The focus has been to breed functional cows with deep bodies, good legs and feet and correct udders capable of producing large quantities of milk.

The Tesco benchmarking tool QVIS has consistently placed the herd in the top 10% of all suppliers.

Tom and Sarah Mansell

Nutritionist's Foreword

I have really enjoyed working with Tom and Sarah over the last few years. They are such a hard-working couple, with a lovely herd of cows that have years of quality genetics behind them, making my job easy!

The cows have been fed a full TMR with grass and maize silage, whole crop, blend, brewers grains and some home grown wheat. The target has been to utilise as much home-grown quality feed as possible, supplementing with Brewer's grains when forages get short. The herd is split into two groups of highs and low yielders, both who graze throughout the season. Monthly milk-minder reports have shown a consistent year on year improvement in overall yield whilst maintaining efficiency and a feed rate of around 0.3kg per litre. Though when fully housed the herd has easily reached an average yield of 37 litres.

Cows transition through a two-group dry cow system, with the close-up group fed a strong partial DCAB diet consisting of maize silage, rota-ground straw, a low potassium bale and protein blend. The youngstock are well managed and also TMR-fed according to age. Baby calves are on an elevated plane of nutrition, reaching milk intakes of approx. 8-10 litres on a high fat skim-based milk replacer, maximising their gene expression.

Anyone who is looking for milky well-bred cows would not be disappointed.

I will miss my chats with Sarah and a good cup of tea while the little dog sits on my knee! They have become friends more-so than 'clients' and I really wish them the best. Time to go on holiday!

Mobility

The herd is independently scored quarterly. The last score was 96% scoring between 0 and 1. The herd is trimmed 100 days after calving and 1 month before drying off. The cows are foot-bathed daily.

Dry Cow Therapy

The cows are dried off using selected dry cow therapy – Orbenin and Orbeseal and receive Rotovac and a high iodine bolus.

Fertility

All breeding is carried out by Genus RMS using sexed Holstein Friesian and Aberdeen Angus with excellent results. Sires used are: Mecca, Darius, Barber, Tyce, Harris, Maggiore & Getaway. The current 21 day insemination rate is 72% and the % of the herd served by 80 days in milk is 92%. The overall Conception rate is 44%. The Calving interval is 380 days.

VET'S FOREWORD

It has been a privilege to work alongside Tom and Sarah over the past several years. They have developed an outstanding herd, consistently achieving a 305-day production exceeding 10,000L.

The herd produces high-quality milk, with an average somatic cell count (SCC) of 121, complemented by averages of 4.11% butterfat and 3.44% protein.

The herd is CHECS accredited and certified BVD-free, with all calves tagged and tested, supported by regular negative bulk milk PCR testing. They also hold CHECS TB-free status. Their commitment to herd health is further demonstrated through comprehensive vaccination protocols, including BVD, Leptospirosis, and IBR vaccines for adult cattle, as well as lungworm, pneumonia, and scour vaccines for calves.

Additionally, all milking animals undergo quarterly testing for Johne's disease, with the herd ranking in the top 25% nationally for Johne's management.

It has been a pleasure working with Tom and Sarah, and we wish them every success in their future endeavours.

- 1.1.1 All livestock is sold subject to these conditions, ("the Conditions"), the Livestock Auctioneers Association Conditions of Sale (2022 edition) ("the LAA Conditions") and, in the case of any pedigree livestock, any special conditions expressly applicable ("the Special Conditions") (all together "the Composite Conditions").
- 1.1.2 If there is any conflict or inconsistency between the elements comprising the Composite Conditions the order of precedence shall be first, the Special Conditions, secondly the Conditions and thirdly, the LAA Conditions.
- 1.1.3 A copy of the LAA Conditions and any Special Conditions is available for inspection upon request.
- 1.2.1 All other lots are sold subject to these conditions, ("the Conditions"), and any special conditions expressly applicable ("the Special Conditions") (all together "the Composite Conditions").
- 1.2.2 If there is any conflict or inconsistency between the elements comprising the Composite Conditions the order of precedence shall be first, the Special Conditions and secondly, the Conditions.
- 1.2.3 A copy of any Special Conditions is available for inspection upon request.
2. All lots are accepted for sale on the terms the Vendor warrants his right to sell the same and undertakes to indemnify the Auctioneers against all actions, proceedings, claims, costs, charges and expenses to which they may be exposed or which they may incur by reason of any defect in the Vendor's title.
3. The Auctioneers act in all respects only as agents for the Vendor and it shall be deemed that no condition or warranty expressed or implied has in any circumstances been given by the Auctioneers or any servant of the Auctioneers, whether as to title, description, the quality of any lot sold or otherwise. The Auctioneers and their servants shall not incur any liability to the Purchaser in respect of any defect of title, error of description or imperfection or in respect of any announcement or statement relating to or affecting any lot offered for sale whether made orally or in writing and whether given before, during or after the auction, nor shall they incur any liability in relation to any dispute between any Purchaser and Vendor.
4. The Auctioneers reserve the right to refuse to accept bids from a Purchaser and they reserve on behalf of themselves and of the Vendor(s) the following rights:
 - (a) to fix a reserve price;
 - (b) to bid on behalf of a Vendor;
 - (c) to re-arrange, consolidate or withdraw any lots or vary the order of sale; and
 - (d) without giving any reason therefore, to refuse to accept the bids of any person.
5. The person making the highest accepted bid shall be the Purchaser.
6. No bid shall be retracted.
7. If a dispute arises as to any bidding, then at the discretion of the Auctioneers, either:
 - (a) the lot to which the disputed bid relates shall immediately be put up again; or
 - (b) the Auctioneers shall determine the dispute, and their decision shall be final and binding on all parties.
8. **The Purchaser shall, when requested, give his name and address to the Auctioneers and unless otherwise agreed by the Auctioneers and the Purchasers shall pay for the lot(s) he has purchased ON THE DAY OF SALE. All lots are sold on condition that the ownership of the same shall remain with the Vendor and no property in the lots whether legal or equitable shall pass to the Purchaser and no lot(s) shall be removed from the premises unless or until: (a) payment in full has been made in cash, or by bankers draft, or by cheque not exceeding the amount stated on an accompanying valid cheque guarantee card; (b) the Purchaser has obtained a pass-out slip from the Auctioneers clerk.**
9. Notwithstanding Conditions 8 and 10 each lot shall be at the absolute risk and at the expense of its respective Purchaser at the fall of the hammer and subject to Conditions 8 and 10 shall be removed from the sale premises at the Purchaser's expense within the time stated by the Auctioneers at the commencement of the sale.
10. If, notwithstanding Condition 8 above, the Auctioneer permits the Purchaser to remove his lot from the sale premises prior to payment in full having been received then:
 - (a) Ownership of the same shall remain with the Vendor and no property in the lot whether legal or equitable shall pass from the Vendor to the Purchaser until payment of the full price has been received in cleared funds by the Auctioneer or the Vendor (as the case may be). Payment shall, unless otherwise agreed, be made to the Auctioneers.
 - (b) the Purchaser undertakes to house the lot on his premises separate from his own and those of any other person and in such manner as makes it readily identifiable as the Vendor's;
 - (c) the Purchaser's right to possession of the lot shall automatically cease immediately prior to his doing anything or failing to do anything which would entitle a Receiver to take possession of the lot(s) or which would entitle any person to present a petition for the winding up of the Purchaser;
 - (d) the Vendor or the Auctioneers may for the purpose of examination or recovery of any lot remaining unpaid enter upon any premises, where it is housed or where it is reasonably thought to be housed;
 - (e) if the Purchaser shall sell on the lot, then such part of the proceeds of such resale as equates to the full price of the lot remaining unpaid shall be held by the Purchaser in a separate bank account as trustee thereof on the Vendor's behalf.
11. Without prejudice to any other right or remedy of the Vendor or the Auctioneers, if the Purchaser shall be in breach of any other Composite Conditions, the Vendor or the Auctioneers shall have power to resell the lot(s) purchased by the Purchaser retaining any surplus and charging any deficiency or expense to the Purchaser.
12. Neither the Vendor nor the Auctioneers will be responsible for any accidents or injury, not arising out of their negligence, which happens to any person or property while on the sale premises. Vehicles are parked at their owner's risk.
